

YOUR CHOICES, OUR COURSES

Located just off J28 on the M1, we are easily accessible from all over the Midlands. Give us a call on **01773 304060** to arrange a visit or to discuss how we can help you.

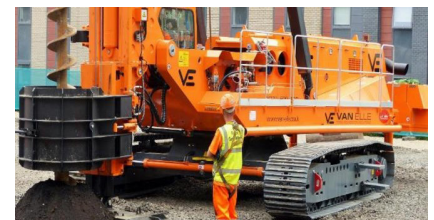

Van Elle is not just a training provider. We build long-term relationships by providing outstanding service and first-class advice.

We train tomorrow's construction workforce, today. It is our passion. We can train at our fully accredited training centre, based at Kirkby-in-Ashfield, Nottinghamshire or on site nationally.

Accredited for CPCS, NPORS, NRSWA, and CITB as an Approved Training Organisation (ATO), we can deliver a variety of plant such as Forklift, Telehandlers, Slings & more. Plus, health and safety training, including a range of construction related NVQs.

What sets us apart from other providers is the working relationship we build with our customers. We provide holistic support, engaging with you, advising on, or helping to manage your training matrix.

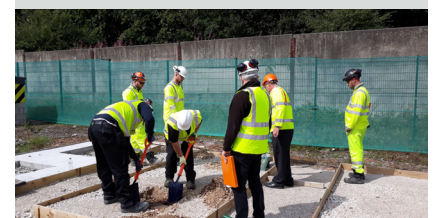

We can work together to create bespoke packages that help the development of your teams, ensuring they are compliant and safe.
